Thomas E. Wendt,
Leader, ASME District C

The ASME Fox Valley Section was organized in 1960 and has over 600 members in the western and southwestern suburbs of Chicago. Within our section, three other sites have been designated as History and Heritage Landmarks: the Fermilab Tevatron Cryogenic Cooling System, the CB&Q Roundhouse in Aurora, and the Old Graue Mill in Hinsdale. Thank you to our special guests for coming, and thank you for participating in today's designation.

—ASME Fox Valley
